R.Dis.4442/483-40 dated 13th April 1951.

Sub:Establishment - Temporary - South Kanara District - Execution of Certain Grow More Food Works - Employment of a Special Supervisor and Peon - Continuance - requested.

In G.O.Ms.No.3613 P.J dated 12-10-50, sanction was accorded to the employment of one Supervisor and a peon for the execution of certain Grow More Food Works in South Kanara District for the period from 1st October 1950 to 15th April 1951. The existing sanction to these posts expires on 15-4-51 ....

2. The Superintending Engineer, Coimbatore Circle while reporting that the execution of 4* marginally noted Grow More Food Works is expected to be completed in all respects by about the middle of July 1951, has proposed to continue the existing posts of one Supervisor and a peon beyond 15-4-1951 for the execution of the following Grow More Food Works in South Kanara District for which plans and estimates have been submitted to me for approval:

* Improvements to Herekare Tank. ... Rs.55,900

3. Of the seven schemes referred to above, the following 2 schemes i.e. (1) Improvements to Sorkal Tank and (2) Improvements to Haltnodumadaga - vide item Nos.2 and 4 above and another scheme viz. "Forming a new tank at Govindur are included in the Supplemental Programme of Intensive cultivation schemes for 1950-1951 and pending sanction of the Government. As the above schemes lie in South Kanara District which is declared as an Intensive cultivation area, it is likely that these schemes will be sanctioned by Government very quickly so as to enable accelerated execution of these schemes. The remaining five schemes are under scrutiny in my office and one, are likely to be sanctioned and taken up for execution as soon as the Collectors reports on the financial and administrative aspects of the schemes are received and examined in this office.

4. Besides the above schemes, an estimate for Rs.10,000/- for improvements to the Mudahettu tank in South Kanara District has since been sanctioned and returned to the Superintending Engineer, Coimbatore Circle for taking further action in the matter. This tank also has to be taken up for execution shortly.

5. In these circumstances, I request that sanction of the Government to the continuance of the existing ~~parsks~~ posts of one Supervisor and one peon for a further period of one year from 16-4-51 i.e. till 15-4-1952 may please be obtained.

6. I am also permitting the Superintending Engineer, Coimbatore to continue the existing posts of one Supervisor and one peon beyond 15-4-1951 A.N. in anticipation of the sanction of the Government. My action may please be approved.
